Liquidline machines to compliment the classy interior design of Audi

BREWING THE FUTURE FOR MARRIOTT MOTOR GROUP

Marriott Motor Group - Audi
Ipswich

Overview

Marriott Motor Group is a family run business with over 100 years experience in the automotive industry. They focus on building long-lasting relationships with customers all over East Anglia - delivering a service that is tailored to suit you. Ipswich Audi is just one of three Audi dealerships that are part of the Marriott Motor Group.

Opportunity

Audi's new home is designed to provide comfortable working conditions with a mix of public, private and semi-private space - not to mention a showroom with a dedicated Audi Sport Area. With all this space the need for a coffee point was a must.

Mark Dockerill, Audi Brand Director expressed interest in Liquidline due to being an existing customer at their old base on Bath Street, where we supplied a whole range of coffee machines, water coolers and branded crockery. When looking to relocate Audi decided to stay with us due to the previous experience and the relationship we have built.

BEANS THAT MEAN BUSINESS

The Solution

The coffee machine selected for Marriott's state-of-the-art refreshments point was the Cafétouch 1. This Swiss-Made machine combines superb aesthetics with unparalleled performance and reliability.

With the use of hot-start technology and quality control system the Cafétouch 1 is guaranteed to create the perfect coffee from the very first cup. Statistics show that the Cafétouch 1 will perform during high demand periods - creating 28 litres of hot water per hour and over 200 cups per bag of beans. With its black gloss finish and glass front this machine is perfect for use in a wide range of offices and showrooms.

Liquidline have also installed an Eco Boiler, Cafétouch 1, 2 Desktop Water Coolers and 1 Floor Standing Water Cooler at Ipswich Audi. While consumables are purchased from Liquidline any maintenance will be free on each of these machines!
