## ZENTURA - ALTERYX

---

# A PROFESSIONAL COLLABRATIVE APPROACH

Alteryx - **London**  
Zentura - **London**

---

## Overview

Zentura is a leading office fit-out and refurbishment company who work with corporate clients based in London. With fast track projects and quick turnaround times, Zentura's suppliers must be reliable and fit with their mission to provide peace of mind. Liquidline have worked with Zentura on various projects to provide refreshment solutions. The most recent Zentura-Liquidline collaboration was a fit-out at Alteryx.

Alteryx is an international company with headquarters in California and regional offices in London, Silicon Valley, Dallas, Chicago and Australia. They are the market leader in self-service data analytics software work with companies who want to use data to gain a competitive edge.

## Opportunity

When Alteryx decided to open its first London office, Zentura were appointed to assist in tranforming their functional space to reflect the companys fun culture. Of course coffee was a key requirement and Zentura were quick to get in contact with us - knowing we would be able to provide the perfect caffeinated drinks solution.

## MODERN, BRIGHT & FUNCTIONAL

### The Solution

Undoubtedly the highlight of the new office is the bright and spacious breakout area. Liquidline provided Alteryx with a Flavia Barista coffee machine which best matched their requirements. This coffee machine offers a wide selection of drinks from an American to the perfect Herbal Infusion. With a smart and modern design, the coffee machine fits fabulously with the gloss finish kitchen, ionic furniture, pool table and of course the beer keg!

The finished result exudes an atmosphere of energy and fun that is created by having coffee in the workplace. Alteryx's breakout area has become the most popular place to socialise in the office and we're not surprised with its continuous supply of great coffee.

“Liquidline is our preferred supplier of refreshment solutions for all projects, whether it be coffee machines, water taps or vending. We only use suppliers that are reliable, quick and excel in customer service - Liquidline are all these qualities. When we put Liquidline forward to our clients they often comment on how helpful the company is in working out the perfect solution to their requirements.”

**Debbie Smith (Marketing Manager)**

Liquidline also installed a beautiful Billi tap and tasty consumables at Alteryx. As part of Liquidline's after care service, all maintenance is provided free of charge to Alteryx.
