# TO PLACE AN ORDER:

# THE CAFÉ BONTÉ STORY

We all know the feeling; sitting in traffic or on a packed train or bus, travelling to work. We arrive, often exasperated before the day has even begun. We know that there is just one thing powerful enough to turn the day around. And the feeling that washes over you when you take the first sip of coffee - we call that feeling Café Bonté.

We understand that not all Café Bonté coffee experiences take place in the coffee shop. Our mission is to bring great coffee and good feelings to people everywhere that coffee is enjoyed. Great coffee has the potential to make people feel good and to connect; with the place they are visiting, the purchase they are about to make or the person they are with. We believe that we all deserve Café Bonte moments and we striveto bring them to as many people as possible.

We start by sourcing Grade A quality coffee beans from around the world. We employ all of our years of knowledge and expertise, expertly roasting the beans to satisfy the diverse tastes of todays UK coffee lovers. We understand how personal coffee is and we have carefully curated our range to deliver perfect Café Bonté moments for every taste and preference.

We also understand that to truly feel good about the coffee you're drinking, it can be important to know where it comes from. With this in mind, you will find a full complement of ethical certifications within our range as well as triple certified and fully closed loop coffee beans.

We are dedicated to bringing the Café Bonté feeling to as many people as possible and thousands of people across the UK already start their day with Café Bonté.

We understand that not everyone is a coffee connoisseur but passionately believe that we all deserve great coffee and good feelings, wherever we are.

# DELICIOUSLY RESPONSIBLE COFFEE

# COFFEE

The process starts with the consumer, enjoying a delicious cup of coffee in a coffee outlet - the coffee outlet is collecting the used coffee grounds in special (re-purposed) containers issued to them by their supplier. These containers are then collected at the same time as the outlets next delivery of fresh coffee

The next stage of the process, once the grounds have been collected is to sieve out any foreign objects and dry the coffee grounds. From there the dried coffee grounds are fed into a large mechanical press that forces the coffee under huge pressure through a die and this forms the Bio-Fuel we require for our Eco Roasters

The third stage of the process is roasting. Custom made Eco Roasters are used to turn the Coffee Bio-Fuel into the heat energy needed to roast delicious fresh coffee beans. The Eco Roaster is so energy efficient that it only uses approx 40g of Bio-Fuel to roast 1000g of fresh coffee! It even stores excess heat in large thermal storage tanks for heating the roastery!

# **BEANS**

The final stage of the process is the beans that have just been roasted, these are then quickly cooled, de-stoned and packed in valved bags to lock in the freshness. Boxed ready for delivery to the customers. For those customers adopting the Coffe-Eco System, these beans will be delivered at the same time as their coffee waste is collected. Ensuring a carbon neutral journey is achieved.

# **ARUSHA**

These barista choice coffee beans are perfectly blended to produce a stunning, well balanced, snappy espresso with distinct notes of blackcurrant and citrus.

Eco Roast technology is the future of coffee roasting. These barista choice coffee beans are ethically sustainable and Rainforest Alliance approved in conjunction with protecting our wildlife and cut down on CO2 emissions.

EBERARU 6 x 1kg

The passion is in the coffee beans. Hub coffee provides a unique range of speciality blends, inspired by the diverse personalities in every workplace. From the Eccentric one with a blend of sweet almond, vanilla and dark chocolate, to the Shy one, with notes of dark chocolate mingle. Everything you need to provide you with the ultimate coffee experience.

## THE SHY ONE

Notes of light caramel blend with rich tones of dark chocolate.

EBHCSHY 6 x 1kg

## THE EXCITED ONE

A vivacious blend of dark chocolate, malt and lively spices.

EBHCEXC 6 x 1kg

## THE THOUGHTFUL ONE

Sweet almond, vanilla and dark chocolate notes.

EBHCTHO 6 x 1kg

The infused brew is poured through a pressurised value straight into you cup offering a smooth, creamy texture. Nitro brew is much smoother than traditional coffee with a hint of chocolate flavour the tastes are much improved from the traditional iced coffee and to top off your experience you'll be welcomed with a smooth, foamy top - perfect for cutting through the bitter taste associated with coffee.

### NITRO COLD BREW MACHINE

The Nitro Brew'd tap is the ultimate caffeine provider. The infused brew is poured through a pressurised valve straight into your cup offering a smooth, creamy texture from what looks like a beer tap! Nitro brew is much smoother than traditional coffee. With a hint of chocolate flavors the tastes are much improved from the traditional iced coffee and to top off your experience, you'll be welcomed with a smooth, foamy top - perfect for cutting through the bitter taste associated with coffee.

### **BAG-IN-BOX NITRO COFFEE**

Infused with nitrogen gas, Nitro Brew'd coffee provides a silky, smooth taste and is a healthier alternative to energy and soda drinks. Even better, it delivers a higher amount of caffeine content, perfect for caffeine lovers.

#### FAQ

#### Can you deliver to my location?

We deliver to all postal areas in mainland UK.

#### How will I know when my delivery has arrived?

A dispatch note will be included with every delivery. On receipt of your order, please check all items have been received and are correct. For missing items and incomplete orders, it may be possible for larger orders to be split into 2 or more boxes, which may have become separated in transit. If you have any queries regarding your order, please contact our customer service team on 0800 8499110 or email orders@liquidline.co.uk.

#### Can I track my order?

If a third party courier service is delivering your order, you should receive direct communication from them. If your order is being delivered by our own service and you require an estimate, please call our customer service team on 0800 8499110 or email orders@liquidline.co.uk.

#### Is the weather affecting my delivery?

Go to www.dpd.co.uk/content/products services/uk to see if weather conditions are affecting deliveries in your local area. Any Questions? Please contact our customer service team on 0800 8499110 or email orders@liquidline.co.uk.

### Can I get the same day delivery?

We can offer same day delivery but prices may vary. Please contact our customer services team who will be happy to provide pricing information.

## My delivery has arrived but part of it is damaged. What do I do?

Please call customer service on 0800 8499110 or email orders@liquidline.co.uk if you have any queries regarding your delivery. If you receive a damaged order, you must supply pictures of all damage to the packaging and goods for us to proceed a claim and replace.

## Is there a minimum spend for delivery?

There is no minimum spend for delivery. We offer free standard delivery on orders of £100 or more. For orders under £100, delivery will be charged at £10.50 (plus VAT).

#### How much does Saturday delivery cost?

We can provide Saturday deliveryat a cost of £32.50 (plus VAT). Please contact our customer service team on 0800 849 9110 or email orders@liquidline.co.uk to apply this delivery option.

#### Will all of my products be sent together?

While every effort is made to ensure multiple items are sent to you within the same package, larger orders my be sent in 2 or more separate packages. Please note that packages may be sent on different days. If you have any queries, please contact customer service team on 0800 849 9110 or email orders@liquidline.co.uk.

#### What is your return and refunds policy?

You can read our full privacy policy at www.liquidline.co.uk/privacy-policy and terms and conditions regarding refunds at www.liquidline.co.uk/terms-of-use.

#### How long will it take for my refund to clear in my account?

Once we have received your returned item(s), we will issue credit on your account. An email will be sent to you once your transaction has been processed. Please allow 10-14 working days for the refund to show in your account.

#### Our accreditations

#### Fairtrade

These products are certified to international Fairtrade standards, providing a better deal for producers in developing countries.

#### Rainforest Alliance

The Rainforest Alliance works to conserve biodiversity and ensure sustainable livelihoods by transforming land-use practices, business practices and consumer behaviour.

#### **UTZ Certified**

Sustainable farming of coffee, cocoa and tea with better opportunities for farmers, their families and our planet. The UTZ program enables farmers to learn better farming methods, improve working conditions and take better care of the environment.

#### Organic

Grown in accordance to EU rules on organic farming standards and techniques, without the use of artificial fertilizers, pesticides or herbicides

#### LICUIDLINE.

Products or manufacturing processes that are certified plastic free.
